Galley & Laundry

STACO has many years of in-house experience in designing, supplying and commissioning high-quality Galleys and Laundries. Lay-out and training is also part of our services.

STACO provides complete turnkey services to shipyards and owners who are building Galleys and Laundries, The pre-fabrication provides many benefits such as reduced workloads & installation times, quality control and testing on site.

Our typical products in Galley may include: all food processing and cooking equipment, Wash ware machineries, Refrigerators, Stainless steel furniture, Bar counters, Buffet counters, Hoods and canopies, Stainless steel panel system etc.
